CommandIQ®

CommandIQ® is a mobile app that comes free with a Heart of Iowa router which gives you full control over your home Wi-Fi network. With it, you can easily set up your Wi-Fi, see which devices are connected, run speed tests, create guest networks, share Wi-Fi access, and receive network alerts. It's designed to be user-friendly, so you can customize your internet experience right from your phone – anytime, anywhere.

Prices shown do not include regulatory fees and taxes. Installation fees are due prior to installation. All fees are monthly unless stated as "one time fees". Upon disconnection of account, customer must return equipment to the Heart of Iowa office. If not, you will be billed for the equipment at current market rate. Heart of Iowa reserves the right to alter pricing at any time.

ProtectIQ®

ProtectIQ® is a security feature that helps protect your home network from online threats like viruses and malicious websites. It works automatically in the background to block harmful content before it reaches your devices, keeping your internet connection safer.

- Blocks threats automatically
- Protects all connected devices
- Runs silently in the background
- Real-time alerts
- Keeps your network secure

ExperiencelQ®

ExperiencelQ® is a tool that lets you manage your home Wi-Fi experience. It gives you control over things like setting parental controls, creating time limits for internet use, blocking specific websites, and prioritizing devices for better performance – all from the CommandIQ® app.

- Set parental controls
- Create time limits
- Block websites
- Prioritize devices
- Control everything from one app
